**From:** Jane Morriscal  
**Date:** April 19, 2005  
**Re:** Military Registrations/Registration Fee Waiver

As you are aware, owners of antique military vehicles may display their military registration numbers on their vehicle instead of a license plate. In order to collect the County Taxes and insure that these owners & vehicles are on our registration database, we require the owners to register the vehicles with an antique plate. A hand-typed registration with the military registration number is also issued when the vehicle is initially registered.

It has come to our attention that these owners are **NOT** required to pay the \$20.75 antique registration fee.

If you have a customer with an antique military vehicle, you will continue to register the vehicle with an Antique plate. If the transaction is run on BOSS, you will charge the customer the appropriate County Taxes (\$12.00 excise and applicable Surtax) and fee waiver the \$20.75 registration fee. If the transaction is run on STARS, you will "Waive Specific Fee" while you are processing the transaction.

Please continue to communicate to the owner that displaying the antique plate while traveling out of state is recommended.

If you have questions concerning the procedures for registering an Antique Military Vehicle, please contact the Vehicle Services Help Desk.

If you have questions concerning the BOSS fee waiver or the "Waive Fee" on STARS, please contact the Treasury Department.

Thank you for your attention and cooperation in this matter.
